

Multi-Grade Fixed Feed Only Barley Contract (MGFF)

Characteristics

- Feed only contract
- Fixed price for F1, F2 & F3
- Pay-Grade based payment
- Multi-Grade flexibility - reduces seasonal risk of grade variations

How does the MGFF work?

The MGFF Contract gives you the flexibility to deliver multiple feed barley grades onto the same contract. At the time of contracting you will secure the price of F1, F2 and F3 on your contract.

Quantity Tolerance

There is zero quantity tolerance on the MGFF Contract. This means you are required to deliver the exact tonnage as nominated on your contract.

Availability

MGFF Contracts are only available in selected port zones. Please check the Viterra Bid Sheet to see where the MGFF Contract is available.

How do I enter into an MGFF Contract?

Provided you are a registered signatory of your trading entity, and have returned a signed acceptance of Viterra's General Terms of Business for Grain Purchases, you can take out an MGFF Contract by contacting the Viterra Service Centre on 1800 018 205 or your local Customer Relationship Manager.

Delivery

Growers in SA, Vic, NSW, Qld and Tas need to register with the National Grower Register (NGR) and deliver using their NGR delivery number. Growers in WA can register with the NGR but must also register their business with Viterra and deliver using their CBH delivery number. WA Grower Registration forms are available under Grain Marketing on the Viterra website at www.viterra.com.au or by ringing the Viterra Fremantle Office on 1800 000 623.

How will I be paid for my deliveries?

You will receive 100% cash payment for your contracted grain deliveries, 9 days from the end of the week of delivery or transfer onto the contract. This applies to contracts written for delivery at selected bulk handlers, such as Graincorp, CBH, Grainflow, ABA and Viterra, and at selected independent receival sites. This means payment by or on the 9th day after the end of the calendar week the goods are delivered or transferred onto the contract. A calendar week begins on the morning of a Monday and ends at midnight the following Sunday.

Visit www.viterra.com.au or call the Viterra Service Centre 1800 018 205

Viterra Ltd ABN 59084962130 AFSL No. 247279 Form No. 2996/5

Current as at 14 February 2011 and subject to change without notice

Contracts written for delivery outside of the selected bulk handlers and independent receival sites will receive payment 30 days from the end of week of delivery or transfer onto the contract. For more information about the payment terms that Viterra offers for contracts at a particular receival site contact the Viterra Service Centre on 1800 018 205.

Location Differentials

Your contract price will often be quoted on a port basis. As most grain deliveries are made at up-country delivery sites, i.e. sites other than the port itself, you will incur a location differential adjustment to take account of the freight and associated up-country costs from the actual delivery site to the port. We will deduct the GTA location differentials of the season, as deemed applicable by Viterra, from your port based contract price.

Levies

Viterra will deduct any relevant statutory or research levies from your contract payment. For more information about the levies that apply in your state, contact the Viterra Service Centre on 1800 018 205.

Risks

Production Risk: the MGFF Contract is a forward contract for the physical delivery of grain. There is a risk that at harvest you may not have sufficient grain to fulfil your contract. In the event that you cannot deliver the contracted grain you will be liable to Viterra for a payment of liquidated damages called a "Washout Value" calculated under the contract. In the event of a Washout, the base grade for washout calculations on this contract will be F1. It is important that you understand that the risk of production failure lies with you and not with Viterra.

Terms and Conditions

This contract choice is subject to the terms and conditions as set out in the Viterra General Terms of Business for Grain Purchases, copies of which are available on request or on our website www.viterra.com.au. Direct deliveries to nominated ports for selected commodities may incur a fee.
