**ViterrA funding for flood recovery projects closing soon**

The ViterrA Community Fund for Flood Recovery is offering financial assistance for communities rebuilding their local amenities and replacing valuable equipment damaged by floods.

Applications close on May 16 and can be easily completed online at [www.viterrA.com.au](http://www.viterrA.com.au).

The ViterrA Community Fund, which began in 2006 as a way of supporting regional communities has been extended this year to include a special allocation for projects in flood affected communities.

ViterrA President South East Asia Rob Gordon said ViterrA was acutely aware of the need to support regional communities and never more so than during challenging times, such as the floods in January.

“We recognise the difficulty some communities will have getting back on their feet and that’s why we’ve specifically allocated additional flood-related funding,” he said.

Since the ViterrA Community Fund was established, more than half a million dollars has been awarded to more than 170 education and training, health, youth development and community amenity projects in rural and regional communities throughout Australia.

“By sending in your application now, your community could share in the funding from this year’s allocation which will be awarded during June and July,” Mr Gordon said.

The application process is straight forward and can be completed online at [www.viterrA.com.au](http://www.viterrA.com.au).

“Applications are assessed on the community benefit they will deliver and level of community support for the project. Applicants should be able to demonstrate initiative and energy for the project.”

ViterrA encourages applications for projects that will have a sustainable impact on the local community and prefers to allocate funds for goods and services rather than providing a cheque.

Further details about the ViterrA’s Community Fund for Flood Recovery, including selection criteria and the application form, are available at [www.viterrA.com.au](http://www.viterrA.com.au). Applications will close at 5pm (Central Standard Time) on Monday 16 May.
