**Viterra expands Victorian team**

Viterra has strengthened its presence in the Horsham region, with the addition of new staff and the opening of an Agri-Products retail depot, highlighting the company's commitment to working with Victorian growers.

Stephen Schumacher, Viterra's Regional Sales Manager for Victoria, said two new customer relationship managers – Peter Denny and Daniel Speed – have recently been appointed.

"Peter and Daniel both have a wealth of experience and knowledge, which will be useful as we continue to build relationships with local growers," he said.

Grain customer relationship manager Peter Denny will provide growers with the latest grain marketing information, both domestically and internationally, to assist growers with their grain marketing activity.

Agri-Products customer relationship manager Daniel Speed will provide growers with Viterra's range of crop protection products, fertiliser and seed. Daniel has a strong background in the management and sales of agricultural products and services.

Viterra has also opened a new Agri-Products retail depot in Horsham that will serve as a regional hub for grain marketing, agronomy, crop protection, fertiliser, seed and wool products. Growers throughout the Wimmera and Southern Mallee will be able to access leading grain marketing and agronomic expertise through the retail depot.

Facility operations coordinator Paul Christian manages the retail depot offering on farm delivery of crop protection products and seed. Retail sales of fertiliser will also be sold at Horsham for collection at Geelong.

"The new retail depot demonstrates Viterra's commitment to the region and further strengthens the company's ability to service both grain and wool growers," Mr Schumacher said.

Viterra's strength is built on local investments and having employees work directly with growers. Viterra continues to strive to become growers' partner of choice, through offering products and services specifically tailored to individual needs.

The Horsham retail depot is located at 9 King Drive, Horsham.
