**Viterra strengthens WA wool team**

Viterra has appointed Stewart Raine to the Western Australian wool team as Domestic Trading Manager.

Originally from Victoria, Stewart has more than 20 years experience working in a number of senior wool buying, broking and export management roles across Victoria, New South Wales and Western Australia.

Stewart will trade domestic wool in Western Australia, assisting Mark Goodall, Regional Wool Manager Western Australia and the wool client management team.

Mr Goodall is enthusiastic about Stewart's appointment, saying that it will further strengthen the team and add value to the services Viterra can offer wool growers in Western Australia.

"Stewart has a great reputation across the wool industry, particularly in Western Australia." Mr Goodall said.

"Having worked in a number of senior positions, Stewart brings with him a wealth of knowledge and experience to our operation, which will undoubtedly prove beneficial to both growers and the Viterra wool team."

Viterra has strong relationships with traders, top makers, spinners, weavers and fabric makers in the key export markets, China, India and Italy. These relationships enable the company to provide grower customers with up-to-date information and market intelligence, which allows growers to optimise their returns.

Mr Goodall explains partnering with growers is driving Viterra's growth in the domestic wool market.

"Viterra's strength allows the company to offer excellent trading terms to wool grower customers, including shearing advances, personalised service and tailored marketing programs," he said.
